INSTALLATION INSTRUCTIONS

⚠ Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off.
- Insert the mounting anchors on the mounting surface.
- Fit mounting base onto the mounting surface with self-tapping screws.
- Connect main supply wires to terminal block making sure all connections are tight.
- Twist the ceiling spot to lock it onto the mounting base.
- Add the GU10 bulb onto the lamp holder.
- Twist the ring and lock it onto the spot.
- Reconnect power.

WARNING

⚠ Make sure that the products are installed properly before connecting to electricity. Do not cover the luminaire. Do not exceed the maximum wattage rating of the lamp. If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
