- **Lamp Type:** LED | 2.5W | 3000K | CRI 80 | Non Dimmable
- **Material:** Metal | Aluminium
- **Ingress Protection:** IP20 | Protection against entry of solid objects greater than 12mm in diameter.

INSTALLATION INSTRUCTIONS

-  Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the lamp is placed on a stable, level and dry surface that can safely support its weight and dimensions.
- Connect the power plug only to a suitable and properly installed electrical socket.
- Operate the lamp using the designated on/off switch.
- Route the power cable carefully and secure or conceal it where possible to prevent accidental pulling, tripping hazards or instability that could cause the lamp to fall.
- Do not install or operate the luminaire if the cable or plug is damaged.
- Disconnect from the power supply before repositioning or servicing the lamp.

WARNING

-  Make sure that the products are installed properly before connecting to electricity.
Do not cover the luminaire.
Do not exceed the maximum wattage rating of the lamp.
If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
