- **Ingress Protection:** IP20 Protection against entry of solid objects greater than 12mm in diameter.

INSTALLATION INSTRUCTIONS

- ⚠ Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off.
- Fit the mounting base onto the mounting surface with the screws (1).
- Connect main supply wires to terminal block (2) making sure all connections are tight.
- Add the lamp's shade and screw it with the lamp-holder cover (3) both with the rings and fit the lighting fixture onto the mounting bracket (4).
- Add E27 bulb into the lamp-holder and screwing it (5).
- Reconnect power.

WARNING

- ⚠ Make sure that the products are installed properly before connecting to electricity. Do not cover the luminaire. Do not exceed the maximum wattage rating of the lamp. If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
