INSTALLATION INSTRUCTIONS

⚠ Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off.
- Install the mounting anchors on the ceiling (1).
- Pass the electrical cables through the mounting plate (2).
- Connect the positive and negative ground wires, and connect the power cord (3). Making sure all connections are tight.
- Slide and fix with the sided screws the decorative ceiling cover upward to conceal the wiring and mounting plate (4).
- Add the acoustic panel and the fixing ring, tightening them gently until stable (5).
- Insert the cover by screwing it onto the base to stabilize both with the acoustic panel and fixing ring onto the wall base (6).
- Reconnect power.

WARNING

⚠ Make sure that the products are installed properly before connecting to electricity.
Do not cover the luminaire.
Do not exceed the maximum wattage rating of the lamp.
If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
