INSTALLATION INSTRUCTIONS

! Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Switch off the main power supply
- Insert the wall anchors and fix the mounting plate to the wall.
- Connect Live (L), Neutral (N) and Ground wires to the terminal block.
- Secure with the supplied screws and washers.
- Place the fixture onto the mounting plate and tighten the side screws.
- Restore power.

WARNING

! Make sure that the products are installed properly before connecting to electricity. Do not cover the luminaire. Do not exceed the maximum wattage rating of the lamp. If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
