INSTALLATION INSTRUCTIONS

⚠ Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main power supply is switched off.
- Insert masonry plugs into the mounting surface.
- Attach the mounting bracket to the surface using self-tapping screws.
- Connect the main cable to the driver.
- Connect the driver (not included) to the power source.
- Connect up to a maximum of 5 units.
- Restore power by switching the main supply back on.

WARNING

⚠ Make sure that the products are installed properly before connecting to electricity.
Do not cover the luminaire.
Do not exceed the maximum wattage rating of the lamp.
If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.
