INSTALLATION INSTRUCTIONS

! Electrical products can cause death, injury, or property damage. Maintenance and installation should only be carried out by a professional electrician.

- Ensure the main supply is switched off before connecting to electricity.

WARNING

! Make sure that the products are installed properly before connecting to electricity.
Do not cover the luminaire.
Do not exceed the maximum wattage rating of the lamp.
If the light source is contained in this luminaire (integrated LED), it shall only be replaced by the manufacturer, his service agent, or a similarly qualified person.

Use a tape measure to check the two hooks distance.

Use a pencil to draw a flat line on the wall.

Use an electric drill to make two small holes.

You can use a hammer to put the masonry plugs into the small holes.

You can use a screwdriver to put the bolts into the wall.

Put the LED bathroom mirror on the wall.
